

2026 DOORGLASS
PRODUCT BROCHURE

Welcoming You Home. Making Life Better.

Your entryway is more than a door—it's a welcome. It's the first impression your home makes and the lasting one it leaves. At ODL, we believe doorglass should elevate that experience with a perfect balance of light, beauty, and performance.

For more than 80 years, our artisans and engineers have crafted doorglass that blends artistry with innovation. Each design tells its own story—whether bold and decorative, softly textured, or classically clear—while being built to stand up to the demands of everyday life. Insulated, safe, and enduring, ODL doorglass is where style meets strength.

This is what we do. It's what we've always done. And it's why, when you choose ODL, you're choosing more than doorglass—you're choosing a welcome that lasts.

Choose ODL doorglass for an entryway that blends style, quality, and lasting performance. Our designs complement any door and every home.

ENDLESS DESIGN POSSIBILITIES

A wide range of textures, patterns, shapes, and coming options allows ODL doorglass to enhance any entry door and complement any home style.

CONSUMER-INSPIRED DESIGN

Every ODL design is informed by consumer insights and trend research, ensuring our doorglass reflects what homeowners value most in beauty and function.

EIGHT DECADES OF EXPERTISE

With over 80 years of innovation and technical know-how, ODL has perfected the craft of decorative and functional doorglass and frames that deliver reliable performance.

HANDCRAFTED ARTISTRY

Each ODL decorative design is carefully cut, shaped, and assembled to showcase true craftsmanship, highlighted by details like hand-crafted bevels.

BUILT-IN SAFETY AND PERFORMANCE

All ODL doorglass—decorative, clear, and Low-E—is engineered with tempered or laminated glass for safety, air, and water tight performance.

CONFIDENCE THAT LASTS

Our doorglass and frames are backed by dependable, industry leading warranties, giving homeowners peace of mind and long-term value.

Doorglass Frames

INNOVATION, DESIGN, AND PERFORMANCE

For more than 80 years, ODL has led the industry in doorglass framing systems. With the widest selection of styles, materials, and colors, our frames are engineered for reliability, crafted for versatility, and designed to enhance any entryway.

INNOVATION

The right frame solves the right problems. Inferior frames cause issues like squeeze-out, corner flare, and yellowing—so we designed ours differently. From Resolve® dry-glaze compression seals and ZEEL™'s screwless clip system to Evolve's Galaxy™ screw bosses and the Keystone frame featuring our Grip-and-Release System (patent pending), ODL frames install cleaner, perform stronger, and last longer. It's why pre-finishers and builders alike trust ODL for frames that look better and endure more.

DESIGN

Frames should complement the door, not compete with it. From the minimalist look of ZEEL and Keystone to the architectural detail of Spotlights®, ODL frames elevate every aesthetic—from traditional to modern.

PERFORMANCE

ODL frames are engineered and third-party tested to meet or exceed North American Fenestration Standard (NAFSA) requirements for structural integrity, water resistance, air tightness, and forced entry.

SEVEN FRAMES. ENDLESS POSSIBILITIES.

From classic to contemporary, ODL offers seven distinct frame systems—each engineered to solve real installation challenges, elevate design, and deliver proven performance across every material, style, and application.

Impact Rated Doorglass

ENGINEERED FOR IMPACT. DESIGNED FOR LIFE.

ODL has been fabricating impact rated doorglass for decades, delivering proven protection for homes in coastal and high-wind regions. Tested to meet stringent building codes—including HVHZ and WBDR—our laminated glass construction resists flying debris and helps protect interiors during severe weather. With performance up to DP65, ODL impact doorglass is engineered for confidence when it matters most.

Our impact rated portfolio is one of the most comprehensive in the industry, with styles that never compromise beauty for strength. Choose from decorative designs, privacy + textured glass, classic clear, or options with grilles-between-glass and enclosed blinds. With ODL, safety and style work seamlessly together.

CERTIFIED FOR COASTAL APPLICATIONS

Designed for high-wind and coastal markets where extra protection is essential.

PROVEN STRENGTH

Tested to withstand wind-borne debris by firing a 2" x 4" stud at 34 mph to help protect the home's interior.

LAMINATED GLASS CONSTRUCTION

Durable, layered build adds safety, security, and peace of mind.

EXTENSIVE STYLE OPTIONS

Available in over 30 designs, from decorative stylized glass to timeless clear.

HVHZ & WBDR READY

Select configurations meet High Velocity Hurricane Zone (HVHZ) and Wind-Borne Debris Region (WBDR) standards in Florida and other regulated areas. See Florida Building Code Approvals at odl.com/impact-rated

ELEVATE YOUR ENTRANCE

From grandiose decorative designs to subtle privacy + textured to classic clear-doorglass can be combined with your door's design elements to create a stunning look and a lasting impression.

With 80 years of industry-leading expertise, our doorglass is engineered and crafted to be exactly what your home needs.

WE KNOW DOORGLASS

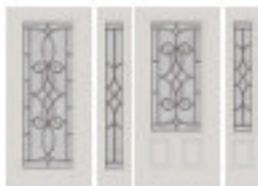

This is what ODL does. Our experience is evident in the quality of our handcrafted glass, cut and shaped for a range of home styles across the country. ODL's experience is also reflected in the quality of doorglass construction: two panels of tempered safety glass, insulated for air- and water-tight performance. When you look at any one of our decorative doorglass products, you see a cohesive composition, with many individual elements coming together to create that design.

Thermally sealed doorglass adds up to energy savings by reducing heat loss in the winter and solar heat gain in the summer. Available as an option, Low-E glass reduces heating and cooling costs, protects fabrics and carpets from fading, and reduces condensation.

Spotlights® Collection

AUTHENTIC DESIGN FOR THE ARCHITECTURE ENTHUSIAST™

The Spotlights® Collection from ODL beautifully combines timeless elegance with contemporary style, offering a variety of door and glass designs that let you express your architectural vision. Featuring sharp, defined contours and refined geometries, this collection provides the perfect way to make a bold statement at your home's entrance.

Whether you're drawn to sleek simplicity or bold, modern silhouettes, the Spotlights Collection allows you to create a welcoming focal point that reflects your personal taste, budget, and design sensibility. It's about more than just a door—it's about making a lasting impression that honors both tradition and innovation.

Put the spotlight on your home with a door that captures the essence of your unique style, transforming your entry into a true architectural expression.

A PRACTICAL, ELEGANT TAKE ON TRADITION

Enjoy the charm of a true divided light appearance with the energy efficiency of a single pane. A mill finish internal grille and backing strips combine to deliver the look of real wood muntins—without the maintenance.

TRADITIONAL SDL CONSTRUCTION

Traditional SDL bars are injection-molded directly into our Evolve® Frame, eliminating the need for separate grille application. This integrated design provides a cleaner, more precise fit to the glass surface. Evolve frames are available in white or oak FiberMate® material.

SPECIFICATIONS

- Low-E Clear, and Low-E Textured Glass Options (see left)
- Traditional 1-1/8" External Grille (SDL)
- 7/8" Internal Grille
- Frame Options in Oak or White

 LOW-E available with soft coat finish (CS73 or 180)
